Novel Technologies of Smart Society

VII INTERNATIONAL SCIENTIFIC AND PRACTICAL CONFERENCE

"NOVEL TECHNOLOGIES OF SMART SOCIETY"

(NTSS-2026)

9 December 2026
Chernihiv, Ukraine

Dear colleagues!

We invite you to take part in the VII International Scientific and Practical Conference **"Novel Technologies of Smart Society" (NTSS-2026)**.

The aim of the conference is to engage the creative potential of Ukrainian youth in solving topical scientific and technical problems of our country and in building a technology-driven society.

The conference format is intended to build working relationships between pupils, teachers, students and university lecturers in order to:

- join efforts in implementing joint projects and research work;
- raise the creative activity and professional level of participants;
- provide a forum for sharing acquired experience and mastered technologies;
- understand the features of innovative scientific and technical solutions;
- analyse environmental problems and the prospects for solving them;
- disseminate and master new knowledge and skills;
- foster participants' interest in the latest knowledge;
- put scientific solutions into practice to meet the needs of society.

The conference is open to pupils of general secondary schools and students of professional pre-higher and higher education institutions engaged in research, as well as teachers, academic staff and representatives of education authorities.

During the conference, participants will be able to present their scientific and applied results and to put forward proposals on involving gifted pupils and students in their implementation in various areas of development of modern society. In addition to presenting their papers, all participants will be able to receive qualified advice and assistance from academic staff of Chernihiv Polytechnic National University and methodologists of the Chernihiv Junior Academy of Sciences. Further information on participation is available at ntss.stu.cn.ua/en.

CONFERENCE TOPICS AND SECTIONS

The conference is held in the following sections:

- mathematical sciences;
- natural sciences;
- engineering sciences;
- computer sciences;
- economic sciences;
- ecological and agricultural sciences.

Working languages of the conference are Ukrainian and English.

The registration fee is UAH 100. Participation is free for members of research clubs of Chernihiv Polytechnic National University and the Chernihiv Junior Academy of Sciences. Payment details: IBAN **UA888201720313221010201006996**, State Treasury Service of Ukraine (DKSU), Kyiv. EDRPOU code **05460798**.
